Dear Chairman Pai,

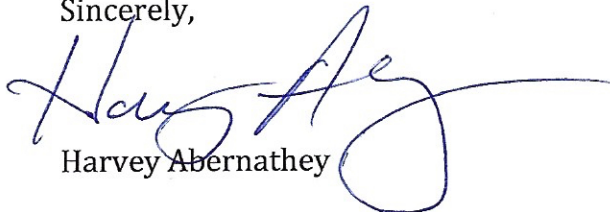

I write to support the Comments of the Cable Act Preservation Alliance ("CAPA") and to disapprove of the proposals and tentative conclusions set forth in the FCC's September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05-311.

Community Media Center of Marin (CMCM) and Marin TV are two media companies that provide an extremely valuable service to the local community. The efforts of these companies provide educational programs, both in their offices and out in the community, which greatly enhances the quality of life of it's local citizens.

These companies also provide volunteer opportunities within the community through the libraries and help set-up video equipment and programs for all ages. In addition, they contribute to services for recording and broadcasting local civic meetings to allow for review of the meetings by those unable to physically attend the meetings.

I, along with my family and friends, encourage you to oppose these rule changes and support community media.

Sincerely,

Harvey Abernathey
